

HLTAID012 Provide First Aid in an Education and Care Setting Blended Delivery

- HLTAID012 **Provide First Aid in an Education and Care Setting** describes the skills and knowledge required to provide a first aid response to infants and children in line with first aid guidelines determined by the Australian Resuscitation Council (ARC) and other Australian national peak clinical bodies.

This unit applies to a range of workers within an education and care setting including early childhood workers and educators who work with school age children in outside school hours care and vacation programs.

Training Delivery

This course is delivered in a blended delivery format including online course material and a two hour face-to-face practical assessment with your trainer. Students will be supported throughout their study with access to Career Ready's team of highly experienced trainers, assessors and support staff.

Suitability

This course is suitable for those working in education and care needing to update their existing first aid certificate or need to complete first aid training to commence work in the industry.

Fees

Upfront Payment: \$130
